Dear Ms Tash,

I am an Inspector in the Metropolitan Police Service (MPS) Directorate of Professional Standards.

I write in connection with your claims against the MPS arising from your arrests on the 20 December 2020 and 23 May 2021.

Whilst the MPS constantly strives to maintain the highest professional standards, incidents occasionally arise when the level of service falls below that standard. I have considered the background to your claim and am satisfied that on these occasions the level of service did fall below the requisite standard.

I would like to take this opportunity to apologise to you for the distress that you have suffered as a consequence of these incidents.

I hope that settlement of this claim and this recognition of the impact of what happened will enable you to put these incidents behind you.

Yours sincerely
